Paris, April 16th 2024

General Thierry Bukhard, Dear Sir,

Further to an incredible path, putting several times my life in danger, tied to an institutional mobbing and a manipulation from a former High Rank Officer of the French secret services on me.

I made a report titled : « Nations Economic Genocide » that comes under the economic intelligence, proving without ambniguity the genocide in process of the French economy, and by repercussion, comes under the juridiction of a crime against the Humanity.

I'm obliged by telling you that I've made up this report in the purpose to protect myself, not to save France, because all has been done with technical means and to an overall surveillance on my person, in order to establish the World Corruption File.

This report has been released and opened to the public at large, spreaded in France and all over the world, translated in many languages, from July 2020.

Since 2016, thousands of victims on the French soil, (held in psychiatric hospital, pederasty criminality, steal of patrimony, held under guardianship, trusteeship, etc...), are subjected to the same harassment from the French State Administration, a technic called : administrative institution mobbing.

This victims organize themselves in order to assert their rights.

There is no choice to accept that, despite thousands of lodge complaints to the French Public Prosecutor's Department, the French Justice in its globality refuse to enforce the French and the European Law, regarding the juridical files that touch the pedocriminality, the malfunction and the childhood social welfare recurring abuses, under the Department Councils, putting under trusteeship and hospital.

Actually, on the land of France, thousands of Citizens are subjected to this babarity as such technical, said of mobbing, that brings suicides, kidnappings, private properties stealing, this in a total denying from the executive, the legislative, and the French Judiciary.

That gives anlysis, add to the report as : « Nations Economic Genocide », a will from the three French Powers of genocide on the French population and the Frenc Nation, planning destruction under the great fun of the World Financial Elite.

Our present period, in parallel with the period, said the weird or strange period, between WWI and WWII, has a strange similitudes as the possibility of an eventually WWIII.

In fact, Henri Ford, Hitlers's mentor and rich American manufacturer said once : « If Men knew why they make war, they won't do it ! »

Your position as the Chief of staff of the French Armed Forces Headquarters, General Bukhard, I imagine that I don't have to learn you about millions of deaths on the French soil during WWII didn't bring liberty in France, but left in progressive end total dependence the French Nation to our allied, the United Satates of America, bound to a monopolistic fact on the French and the European economy.

Henri Ford in his famous sentence, cited above, talked about the financial circles.

Our civilization in its rhythmical pace history orchestrated by religious technical divisions, but first of all, by planning economic wars on Nations and populations all over the world.

In 2021, Mister Gassilloud, when he was elected Deputy from the Tenth Circonscription of the Rhône Department, received several times the report « Nations Economic Genocide ».

A report delivered into his own hands by a Mayor from his Circonscription.

Mr Gasilloud today, is named President of the National Defense Commission and the Armed Forces in the National Assembly, (Deputies Chamber). This report proving juridically the World swindle on the sovereign debts bound to the International Monetary Fund and the running genocide on the French population for the financial minority's privilege.

For this reason, this report has been sent also to him with certified mail delivery, when he took his new function, (dated 12/15/23) at the National Defense Service and Armed Forces, 126, Rue de l'Université, 75355 Paris PP 07.

Mr Gassilloud has also called out on that subject « Nations Economic Genocide » on media broadcastings.

Few months later I had to flee the French soil to Spain.

In the front of the obvious will to conceal the Nations Economic Genocide to the great public's eyes, I went in contact, thanks to a French refugee alert launcher, with the Guardia Civil. This late one making us in contact with the Spanish Secret Services, to whom we gave the Nations Economic Genocide, the name of the French Army High Rank and former officer of the French Secret Services, that he manipulated me few years backward, like others of corruption files, tied up to a total denying from the French Court of Justice.

For this reason at our appointment with the Spanish Secret Services, I let them know that I left France because the mobbing went too far on me.

In fact, during one of a moving in Lyon City's subway, I noticed a power coming from anywhere, took control on my mind and my body.

In response, the Spanish Secret Service told me that : « It's normal Mam, you are transmitter-receiver ! Such things as a Chief of the French Army Headquarters it's seen as bound to wave weapons, it shouldn't surprise you.

For this reason, I thank the Guardian Civil and the Spanish Secret Services during my several months stay in Spain, and to make us understand that they were protecting us.

On the parents initiative, full touched by kidnappings done by the French Administrations and social judiciaries, decision was taken to get in contact with the French Army.

Hereby, the French Institutionalized Pedocriminality Abolition Movement and myself request an appointment with you, as the Chief of the French Armed Forces Headquarters.

So, here I am back to France.
